The Solid Waste Agency of Northern Cook County's Prescription Drug/Sharps Disposal Program ensures environmentally-safe disposal and guards against potential theft associated with disposing of old medications. The program is for residentially-generated unused prescriptions, expired over-the-counter drugs, and needles known as "sharps." One-quart sharps containers are available upon request at designated drop-off locations. No commercial or institutional waste will be accepted. The Kenilworth Police Department serves as a collection point for this program, 24 hours a day, 7 days a week.
